

**LEARN WORK EARN**  
 A Minnesota Advanced Manufacturing Partnership Project

# Attention Veterans

Minnesota Advanced Manufacturing Partnership (MnAMP) colleges can offer you:

## Training for jobs in Machining, Mechatronics, and Welding

Start with a manufacturing core curriculum, which leads to career pathways and industry-recognized credentials

## Credit for Prior Learning

Earn college credits for your military experience  
 Use the MnSCU VETS system to instantly identify your credits

## Dual-Training & Apprenticeship Opportunities

Build on prior military service and work experience  
 Gain year-round employment while going to college  
 Master skills and earn wages with a company during training

**\$59,565/yr**

Average manufacturing salaries are 21% higher than all other industries in Minnesota.

**10,000 jobs**

Right now there is 100% job placement for trained workers in the nearly 10,000 manufacturing positions open in Minnesota.

**Fortune 500**

Nearly half of Minnesota's Fortune 500 companies operate in manufacturing.
